*Better for Pets, People and our Planet*

# I A MESSAGE TO YOU FROM P.L.A.Y.

Thank you for taking the time to look at our catalog. P.L.A.Y. Pet Lifestyle and You is a bold, fast-growing global brand based in sunny dog-loving San Francisco, California. The company was founded in 2010 and our mission is simple: to create pet products that are **Better for Pets, People and our Planet**.

**Better for Pets:** Our toy and bedding products are safe, non-toxic and use quality materials to ensure that your pets play with joy and sleep in heavenly comfort. We're committed to creating products with a purpose, so whether it is ensuring that your fur baby has a comfortable and safe place to rest after a day of fun, or stimulating them with interactive toys to keep them healthy and active, we've got you covered.

**Better for People:** We meticulously create our products with thoughtful design to ensure peace of mind and ease of care. All our products go through rigorous safety screening and are certified safe and non-toxic. Majority of our beds come with removable parts that are 100% machine washable, making cleaning a breeze for modern pet parents. The best part? We don't believe you need to sacrifice style for safety and functionality. Our beds come in a variety of patterns and fabrics that are tastefully designed to blend into your home décor.

**Better for our Planet:** All our bedding and plush toys are optimally filled with our in-house certified safe PlanetFill® polyfiber. Our polyfiber is a very special kind; it's made from recycled plastic bottles that have been turned into a useful and fluffy polyfiber stuffing. Learn more about Our Green Goals on Page 5.

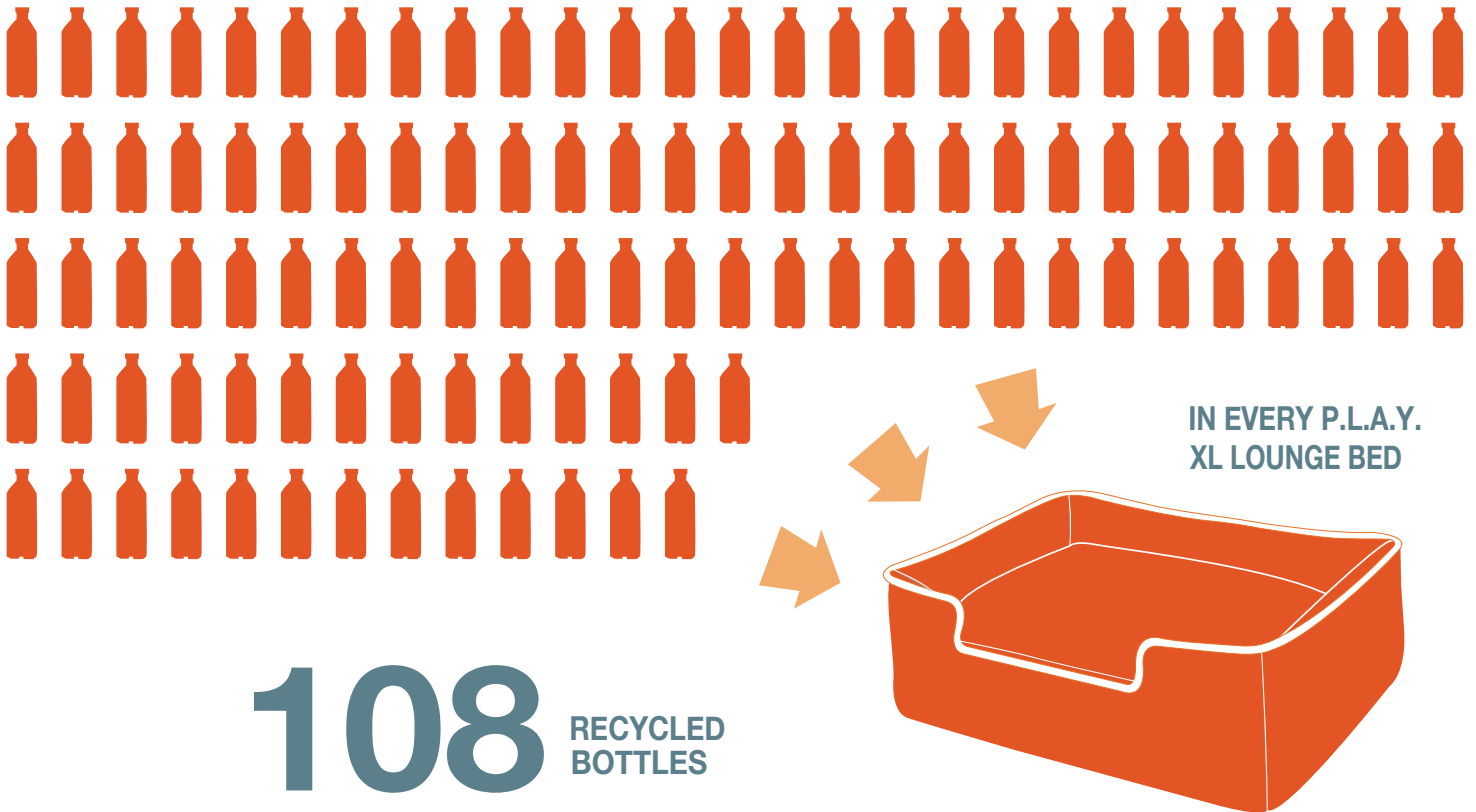

At P.L.A.Y., we believe that the dog-human relationship is a very special kind that deserves to be celebrated, and is the source of inspiration behind everything we do. We are confident that you and your pet will enjoy our designer beds and toys as much as we had fun creating them.

Welcome to the P.L.A.Y. family.

# OUR GREEN GOALS

We care about the environment because it is important. Many of your customers want to do their part to help the planet and our products help you meet their needs.

At P.L.A.Y., we use PlanetFill<sup>®</sup>, a non-toxic soft polyfiber made from 100% post-consumer recycled plastic bottles in all our beds and plush toys. We save 108 plastic bottles from going into the landfill in every P.L.A.Y. XL Lounge Bed. We consider PlanetFill<sup>®</sup> an evolution from traditional bedding filler as PlanetFill<sup>®</sup> is eco-friendly, 100% machine washable and dryable, and best of all is non-toxic.

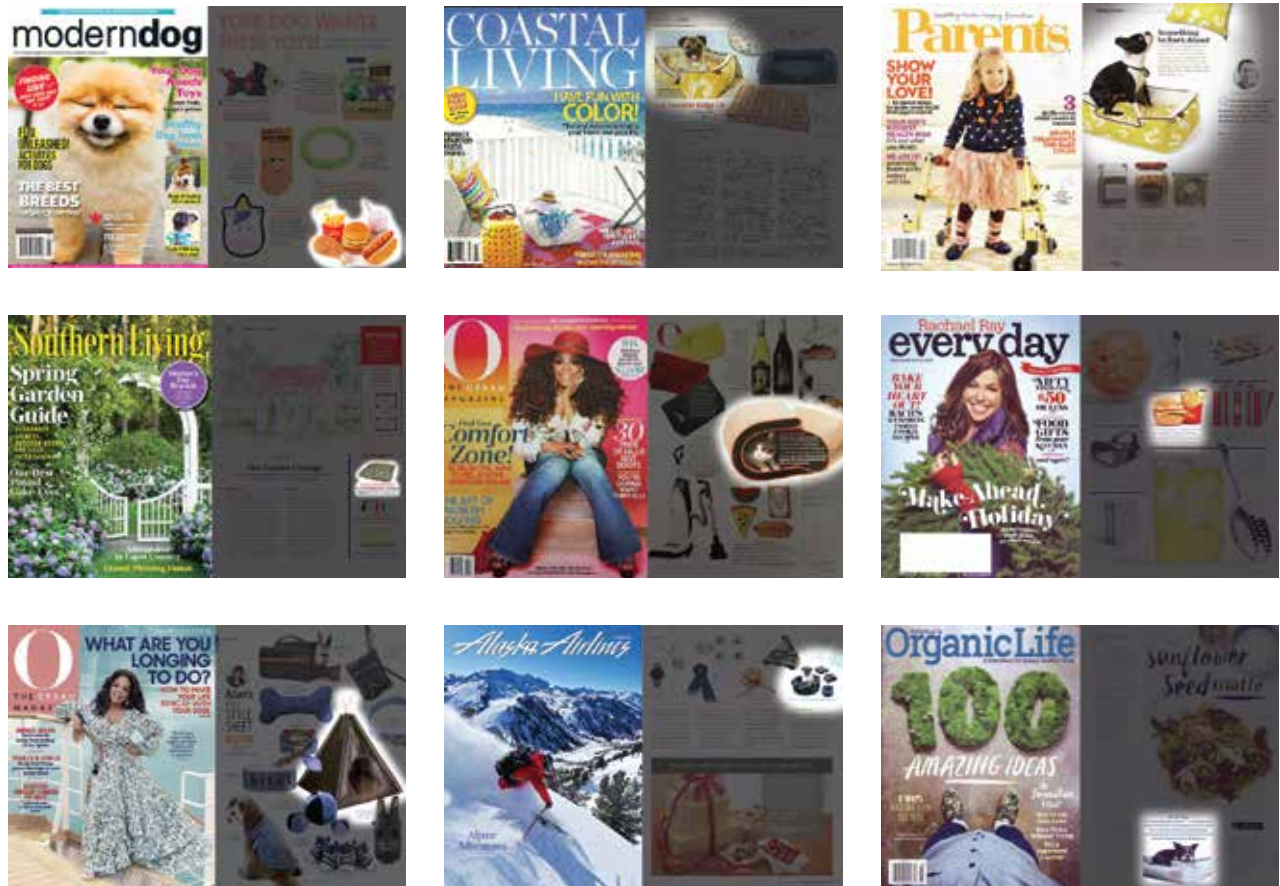

When it comes to saving the environment, we don't stop at what goes into our beds. We use Forest Stewardship Council (FSC) certified paper for our packaging. We minimize materials used in packaging but in places where they are needed, we make sure they come from sustainable sources. We are proud to be a Gold Certified Green Business, the highest level of certification awarded by Green America<sup>®</sup> for organizations that go above and beyond in every environmental and social facet of work.

## WHY B CORP?

We create products that are Better for Pets, People and our Planet, and being part of the B Corp community allows us to benchmark ourselves with other like-minded organizations who seek to be better in every way, meeting the highest standards of performance, transparency and accountability. We want to effect positive change on our community, the environment, our employees and all our stakeholders, making decisions that have a lasting and positive impact on everyone around us.

## WHAT IS A B CORP?

B Corps are certified by the nonprofit B Lab. Individually, B Corps meet the highest standards of verified social and environmental performance, public transparency, and legal accountability, and aspire to use the power of markets to solve social and environmental problems. Collectively, B Corps lead a growing global movement of people using business as a force for good™.

**Certified** B Corps believe:

**Corporation**

- \* that we must be the change we seek in the world
- \* that all businesses ought to be conducted as if people and place mattered
- \* that, through their products, practices, and profits, businesses should aspire to do no harm and benefit all
- \* to do so requires that we act with the understanding that we are each dependent upon another and thus responsible for each other and future generations

## WHAT MAKES US A GLOBAL LEADER?

**Environment:** Our products are filled with PlanetFill®, a certified safe and eco-friendly polyfiber made from 100% post-consumer recycled plastic bottles. To date, we have saved close to three million bottles from going into the landfill. We are also Gold Certified by Green America's Green Business Certification program. Learn more about our Green Goals on Page 5.

**Workers:** We pay all our employees equitably and fairly, and make every effort to create an environment where employees feel safe and supported. Our goal is to ensure that every employee at P.L.A.Y. feels like they are part of a family and we do so by having regular one-on-one meetings and lunches where feedback, milestones and goals are shared transparently and openly.

**Community:** We actively give back through various giving back programs like our Warm Bellies Initiative with the Petfinder Foundation, donating beds to homeless pets in need, and contributing 2% of all sales from our Under the Sea, Bugging Out and Safari toy collections to the International Fund for Animal Welfare. We also award our Scholars Helping Collars scholarship annually with the goal of raising awareness and promoting animal protection among our youth. In addition, we host adoption events at our headquarters with Muttville Senior Dog Rescue twice a year and regularly give back to many groups and charities across the country.
